## Semtech – Rare Earth Metals

---

Dear Customer,

December 14, 2021

Semtech Corporation is aware of recent supply availability of rare earth metals as a result of key sourcing countries reducing their exporting quotas of such rare earth elements.

Semtech Corporation is committed to taking positive measures to ensure, to the extent reasonably practicable, that the products within our supply chain are not directly impacted by any reduction in supply availability of rare earth metals. Semtech product does not utilize any of the rare earth metals noted below.
