

Restriction of Hazardous Substances (RoHS) Compliance Statement Semtech Corporation

Semtech Corporation is committed to ensuring its products comply with applicable environmental regulations, including the European Union's Restriction of Hazardous Substances (RoHS) Directive.

The RoHS Directive 2011/65/EU, recast and updated through Commission Delegated Directive (EU) 2015/863, restricts the use of certain hazardous substances in electrical and electronic equipment (EEE). As a supplier of components used in EEE, Semtech proactively ensures compliance to support our customers' obligations under RoHS.

List of Restricted Substances

As per the RoHS Directive, the following ten hazardous substances are currently restricted:

Substance	Maximum Concentration Limit (by weight in homogeneous material)
Lead (Pb)	0.1%
Mercury (Hg)	0.1%
Cadmium (Cd)	0.01%
Hexavalent Chromium (Cr ⁶⁺)	0.1%
Polybrominated Biphenyls (PBB)	0.1%
Polybrominated Diphenyl Ethers (PBDE)	0.1%
Bis(2-ethylhexyl) phthalate (DEHP)	0.1%
Benzyl butyl phthalate (BBP)	0.1%
Dibutyl phthalate (DBP)	0.1%
Diisobutyl phthalate (DIBP)	0.1%

Semtech confirms that its components are compliant with the restrictions outlined above.

Substance Compliance and Documentation

In accordance with EN 50581 and Article 16(2) of the RoHS Directive, Semtech relies on supplier declarations, technical documentation, and materials assessments to ensure compliance.

SEMDOC010152

Laboratory testing is not mandatory under RoHS; however, customers may opt to perform independent testing at their discretion.

Semtech maintains a robust internal compliance process to collect, verify, and manage RoHS-related documentation from suppliers, ensuring traceability and due diligence throughout the supply chain.

Exemptions and Management

Where exemptions are applicable, Semtech identifies and monitors the use of such exemptions in accordance with the directive. We actively track exemption validity, updates, and renewals, and collaborate with customers to ensure smooth transitions when exemptions expire or change.

CE Marking and Declaration of Conformity

Semtech primarily supplies components, which are classified as EEE under the scope of the RoHS directive and does not require CE marking except for finished products such as the Sierra Wireless module, Semtech affixes the CE mark and issues a Declaration of Conformity (DoC) in accordance with RoHS requirements.

For more information or to access the DoC for the Sierra Wireless LX60 module, please visit: [Insert Hyperlink to DoC for LX60](#)

Contact and Support

For any questions regarding RoHS compliance or to request supporting documentation, please contact:

A handwritten signature in blue ink that reads "Randy Biddle". The signature is written in a cursive style and is underlined with a blue horizontal line.
